

## **Product Specifications: Emergency Eyewash Station with Shower**

The Emergency Eyewash Station with Shower by YIGU offers a reliable solution for immediate eye and body protection in emergencies involving hazardous materials. Designed for laboratories, industrial environments, and chemical facilities, this station combines durability, ease of use, and compliance with global safety standards.

### **Key Features:**

- Dual Functionality: Combines eyewash and shower for comprehensive care.
- High-Quality Material: Made of SUS304 stainless steel for durability and corrosion resistance.
- Optimal Spray Flow: Adjustable flow between 120-180L/min for effective washing.
- User-Friendly Design: Easy activation for quick response during emergencies.
- Compliance: Meets ANSI/ISEAZ358/2014 safety standards.
- Compact Packaging: Lightweight design for easy transportation and installation.

### **Technical Specifications:**

- Brand Name: YIGU
- Material: SUS304 Stainless Steel
- Working Pressure: 0.20-0.40 MPa
- Spray Flow: 120-180 L/min
- Implementation Standards: ANSI/ISEAZ358/2014
- Packaging Size: 66 x 32 x 20 cm
- Gross Weight: 11 kg

### **Applications:**

- Laboratories handling hazardous chemicals.
- Industrial facilities working with corrosive substances or irritants.
- Chemical manufacturing and storage sites.
- Educational institutions conducting chemical experiments.
- Healthcare and research facilities.
