

Cadweld Mould 95 x 70 mm (+) XAC-Y6Y4

The Cadweld Mould XAC-Y6Y4 (95 x 70 mm) is an advanced welding solution designed to provide durable, high-performance exothermic welds for critical electrical connections. Its precision design ensures reliable bonding in various environments, making it an ideal choice for industrial grounding and bonding applications.

Key Features:

- Superior exothermic welding mold for permanent electrical connections
- High durability and corrosion resistance
- Provides stable, long-lasting electrical bonding
- Efficient design for easy handling and operation

Technical Specifications:

- Model: XAC-Y6Y4
- Dimensions: 95 x 70 mm
- EAN: 8711893072549
- Designed for industrial and high-demand applications

Application:

The Cadweld Mould XAC-Y6Y4 is suited for grounding, bonding, and cathodic protection in industries such as power distribution, telecommunications, and construction. It ensures a reliable and maintenance-free electrical connection.

Supplier Information:

Lystus Technical is the official supplier, distributor, and importer of the Cadweld Mould XAC-Y6Y4 in Nigeria. For more information, orders, and inquiries, contact:

- Phone: +2347063776040
- Website: <https://lystus.com.ng>, <https://altools.ng>
